NOTE 2.—Candidates who have appeared at an examination the passing of which would render them eligible to appear at the examination but have not been informed of the result, may apply for admission to the examination. Candidates who intend to appear at such a qualifying examination may also apply provided that the qualifying examination is completed before the commencement of this examination. Their applications will be accepted provisionally and they will be required to furnish proof of having passed the examination not later than the last week of August, 1961.

Provided that in exceptional cases the Commission may treat as a qualified candidate, a candidate who, though he has not all or any of the qualifications prescribed in this rule, has passed examinations conducted by other institutions of a standard which in the opinion of the Commission justifies his admission to the examination.

12. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the discharge of his duties as an officer of the Service. A candidate who after such medical examination as Government or the appointing authority, as the case may be, may prescribe is found not to satisfy these requirements, will not be appointed. Only such candidates as are likely to be considered for appointment will be medically examined.

NOTE.—In order to prevent disappointment candidates are advised to have themselves examined by a Government medical officer of the standing of a Civil Surgeon, before applying for admission to the examination. Particulars of the nature of the medical test to which candidates will be subjected before appointment and of the standards required are given in Appendix IV.

13. No candidate shall be admitted to the examination unless he holds a certificate of admission from the Union Public Service Commission.

The decision of the Commission as to the eligibility or otherwise of a candidate for admission to the examination shall be final.

A candidate found guilty of impersonation or of submitting fabricated documents or documents which have been tampered with or of making statements which are incorrect or false or suppressing material information or of using or attempting to use unfair means in the examination hall or otherwise resorting to any other irregular or improper means for obtaining admission to the examination may, in addition to rendering himself liable to a criminal prosecution, be debarred either permanently or for a specified period:—

(a) by the Commission from admission to any examination or appearance at any interview held by the Commission for selection of candidates; and

(b) by the Central Government from employment under the Government.

15. No recommendations except those invited in the application form will be taken into consideration. Any attempt on the part of a candidate to obtain support for his candidature by other means may disqualify him for appointment.

16. The examination will be conducted by the Commission in the manner prescribed in Appendix II to these Rules.

17. Candidates must pay the fees prescribed in Appendix III.

No claim for a refund of any of these fees will be entertained except to the extent stated in the Appendix nor can they be held in reserve for any examination or selection.

19. After every examination the Commission shall prepare a list of selected candidates in order of merit, provided that the candidates are in the opinion of the Commission suitable for appointment as Special Class Apprentices. Vacancies shall be filled in strict order of merit from the list prepared by the Commission, subject to the orders issued from time to time by the Ministry of Home Affairs regarding special representation for specific sections of the people and provided that the Government of India are satisfied that such candidates are in all respects suitable for employment in the Railway Service.

NOTE.—The form and manner of communication of the result of the examination to individual candidates shall be decided by the Commission in their discretion.

APPENDIX I

CONDITIONS OF APPRENTICESHIP FOR SPECIAL CLASS APPRENTICES SELECTED UNDER RULE 3(a) IN PART I

The terms and conditions of Apprenticeship will be as set out in the form of agreement prescribed in the Indian Railway Establishment Manual Establishment Code, Volume I, brief particulars of which are given below:—

1. A candidate selected for appointment as a Special Class Apprentice shall execute an agreement binding himself and one surety jointly and severally to

refund in the event of his failing to complete training and probation to the satisfaction of the Central Government any moneys paid to him consequent on his appointment as Apprentice and Probationer.

The apprentices will be liable to undergo practical and theoretical training for 4 years in the first instance under an indenture binding them to serve on the Indian Railways on the completion of their training if their services are required. The continuance of apprenticeship from year to year will depend on satisfactory reports being received from the authorities under whom the apprentices may be working. If at any time during his apprenticeship, any apprentice does not satisfy the superior authorities that he is making good progress, he will be liable to be discharged from the apprenticeship.

NOTE.—The Government of India may at their discretion alter or modify the periods and courses of training.

2. The practical and theoretical training referred to above will be given in a railway workshop for four years of their apprenticeship. Special Class Apprentices must pass within this period Parts I and II of either Associate Membership of Institution of Mechanical Engineers (London) or Associate Membership of Institution of Engineers (India) examination. The apprentices will be granted a stipend of Rs. 100 per mensem during the first three years and Rs. 125 per mensem during the fourth year. During the first three years the apprentices will be required to undergo training in four periods of nine months each, six months in the shops followed by three months in the technical school and will be examined at the end of each session. If unsuccessful at any of these examinations, they will be discharged from their apprenticeship. During the fourth year they will undergo only practical training.

NOTE.—Except as provided for in Rule 4 below or in cases of discharge or dismissal due to insubordination, intemperance or other misconduct or breach of agreement, a week's notice of discharge from apprenticeship will be given.

3. Before the completion of 4th year of training referred to in Rule 2 above, the apprentices will be listed in order of merit on the results of the examination held and the reports on the apprentices received during the period of apprenticeship. Successful apprentices will be appointed on probation for 3 years in the Mechanical Engineering and Transportation (Power) Department on Indian Railways.

NOTE.—An apprentice will be considered to have obtained the qualifying standard if he obtains a minimum of 50 per cent. mark, in the aggregate in all the examinations held during the 4 years of his training including the marks of the reports of the Principal, Technical School, and of the Deputy Chief Mechanical Engineer, provided that in each of the 4 years he has obtained a minimum of 45 per cent. marks in the aggregate and a minimum of 40 per cent. marks in any one subject.

4. Unsuccessful apprentices will be discharged from their apprenticeship, one month's notice of discharge being given along with the intimation that the apprentice has been unsuccessful.

5. During the 1st and 2nd years of probation they will be sent to one or more of the Indian Railways for undergoing training in accordance with the syllabus prescribed for the purpose as modified from time to time. The probationers may also be required to attend after working hours, a technical college or special lectures on Engineering subjects. They will be given an oral test at the end of each phase of training during these two years of training and at the end of the 2nd year, they will be given a written test to be conducted jointly by the Chief Mechanical Engineer and the Chief Operating Superintendent of the Railway to which they are posted on the training received by the probationers during this period. The qualifying marks at this test will be 50 per cent. Before completion of first year of probation the probationers must have passed Part III of either the Associate Membership of Institution of Mechanical Engineers (London) or Associate Membership of Institution of Engineers (India) Examination.

6. During the probationary period, they will have to attend a prescribed course of training in the Railway Staff College, Baroda, and to qualify in the tests held in the College. The test in the College is compulsory and a second chance, in the event of failure will not be given except in exceptional circumstances and provided the record of the officers is such that such a relaxation may

be made. Failure to pass the test may involve the termination of service, and in any case, the officers will not be confirmed till they pass the test, their period of training and/or probation being extended as necessary. Before the end of second year of probation, they will be required to undergo a departmental examination which will include Accounting and Estimating, General and Subsidiary Rules, Factories Act, Workmen's Compensation Act, ability to handle labour and general application to work or works on which each officer is engaged while on probation. They will be required to pass the departmental examination within the second year of the probationary period. Failure to pass the examination may result in termination of service, and will, in any case, involve stoppage of increments. In case, where the probationary period has to be extended for failing to pass any or all the departmental examinations within the stipulated period, on their passing the departmental examination and being confirmed after expiry of extended period of probation, the drawal of the first and subsequent increments will be regulated by the Rules and orders in force from time to time. It must be noted that a second chance to pass any examination will, as a rule, not be given except under exceptional circumstances and only provided the other record of the candidate during the period of his training is such as to justify such relaxation being made.

7. The appointment and pay as a probationer will commence from (a) the date of completion of four years of apprenticeship or (b) the actual date of completion of training whichever is later. Service for increment will, subject to paragraph six above, count from the date of appointment as probationer.

NOTE 1.—The retention in service of the probationers and the grant of annual increments are subject to satisfactory reports on their work being received at the end of each year of probation.

NOTE 2.—Service as probationer may be terminated on 3 months' notice on either side.

8. Particulars as to pay and general conditions of service prescribed for officers in the Mechanical Engineering and Transportation (Power) Department of the Superior Revenue Establishment of Indian Railways will be found in Appendix I-A.

APPENDIX I-A

PARTICULARS REGARDING THE MECHANICAL ENGINEERING AND TRANSPORTATION (POWER) DEPARTMENT OF THE SUPERIOR REVENUE ESTABLISHMENT OF INDIAN RAILWAYS.

1. A candidate selected under Rule 3(b) shall on appointment as a probationary officer execute an agreement binding himself and one surety jointly and severally to refund in the event of his failing to complete probation to the satisfaction of the Central Government any moneys paid to him consequent on his appointment as probationer.

The probationary officers will be on probation for a period of three years during which their services will be liable to termination on three months' notice on either side. They shall undergo practical training for the first two years. Those who are reported upon and considered to have completed, successfully the two years' training will be given charge of a working post provided they pass departmental and other examinations as may be prescribed. It must be noted that a second chance to pass any examination will, as a rule, not be given except under exceptional circumstances and only provided the other record of the candidate during the period of his training is such as to justify such a relaxation being made. Failure to pass the examination may result in the termination of service and will, in any case, involve stoppage of increment. At the end of one year in a working post, the officers will be required to pass a final examination both practical and theoretical and will, if successful, be confirmed provided they are considered otherwise fit for permanent appointment. In cases, where the probationary period is extended for any reason, on their passing the departmental examinations and being confirmed after expiry of the extended period of probation, the drawal of the first and subsequent increments will be regulated by rules and orders in force from time to time. On confirmation, their agreement will continue to remain in force subject to their service being terminable on six months' notice on either side.

Probationers will also have to undergo training at the Railway Staff College, Baroda, in two phases, first during the period of their two years' training and

again during the period when they hold working posts. The test in the college is compulsory and a second chance, in the event of failure, will not be given except in exceptional circumstances and provided the record of the officers is such that such a relaxation may be made. Failure to pass the test may involve the termination of services and in any case, the officers will not be confirmed till they pass the test, their period of training and/or probation being extended as necessary.

NOTE.—The period of training and the period of probation against a working post may be modified at the discretion of Government. If the period of training is extended in any case due to the training not having been completed satisfactorily, the total period of probation will be correspondingly extended.

2. All the directly recruited officers will be required to pass a language examination in Hindi in Devanagiri scripts to an approved standard before they can be confirmed or before their pay can be raised from Rs. 400 p.m. to 450 p.m. in the time scale (authorised scale) during the period of probation and no exemptions shall be granted. This may be the Secondary School Leaving Certificate or an equivalent examination, with Hindi as one of the subjects or the Lower Standard Examination conducted by the Ministry of Defence or one of the equivalent examinations in Hindi recognised by the Central Government. Failure to pass the examination within the Probationary period involves liability to removal from service.

NOTE.—Some knowledge of Hindi prior to entry into service would be of advantage in passing the departmental examination.

3. Officers of the Mechanical Engineering and Transportation (Power) Department recruited under these Regulations

(a) will be eligible to pensionary benefits; and

(b) shall subscribe to the State Railway non-contributory Provident Fund under the Rules of that Fund;

as applicable to Railway Servants appointed on or after 16th November, 1957.

4. Pay will commence from the date of joining service as a probationer. Service for increments will also count from the same date subject to paragraph 1 above. Particulars as to pay are contained in paragraph 8 of this Appendix.

5. Officers recruited under these regulations shall be eligible for leave in accordance with the rules for the time being in force applicable to officers of Indian Railways.

6. Officers will ordinarily be employed throughout their service on the Railways to which they may be posted on first appointment and will have no claim, as a matter of right to transfer to some other Railway but the Government of India reserve the right to transfer such officers, in the exigencies of service to any other Railway or Project in or out of India. Officers will be liable to serve in the Stores Department of Indian Railways if and when called upon to do so.

7. The relative seniority of officers recruited under Rule 3(a) will ordinarily be determined by the order of merit at the end of their first four years' training while in the case of those recruited under Rule 3(b) the relative seniority will ordinarily be determined by the order of merit in the competitive examination. As between officers recruited under Rule 3(a) and those recruited under Rule 3(b) seniority will be determined on the basis of entry in the time scale subject to the *inter se* seniority of each batch being maintained. The Government of India, however, reserve the right of fixing seniority at their discretion in individual cases. They also reserve the right of assigning to officers appointed under regulation 3(c) and 3(d) positions in the seniority list at their discretion.

NOTE.—If the period of training and consequently the period of probation is extended in any particular case due to the training not having been completed satisfactorily, the officer concerned is liable to lose in seniority.

8. The following are the rates of pay at present admissible to officers appointed to Mechanical Engineering and Transportation (Power) Department.

Junior Scale: Rs. 400—400—450—30—600—35—670—E.B.—35—950 (authorised scale).

Senior Scale: Rs. 700 (1st to 6th year)—40—1,100—50/2—1,250 (authorised scale).

*Junior Administrative Grade: Rs. 1,300—60—1,800.

*Senior Administrative Grade: Rs. 1,800—100—2,000—125—2,250.

*The revision of these scales is under consideration.

NOTE.—Probationary officers will start on the minimum of the Junior Scale and will count their service for increments from the date of joining. They will, however, be required to pass any departmental examination or examinations that may be prescribed before their pay can be raised from Rs. 400 p.m. to Rs. 450 p.m. in the time scale.

9. The increments will be given for approved service only and in accordance with the rules of the Department.

10. Promotions to the Administrative grades are dependent on the occurrence of vacancies in the sanctioned establishment and are made wholly by selection; mere seniority does not confer any claim for such promotion.

APPENDIX IV

(See note to rule 12)

REGULATIONS FOR THE PHYSICAL EXAMINATION OF CANDIDATES FOR APPOINTMENT TO THE MECHANICAL ENGINEERING AND TRANSPORTATION (POWER) DEPARTMENT OF THE SUPERIOR REVENUE ESTABLISHMENT OF INDIAN RAILWAYS.

(These regulations are published for the convenience of the candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Government of India reserve to themselves an absolute discretion to reject as unfit any candidate whom they may consider, on the report of the Medical Board, to be physically disqualified and that their discretion is in no respect limited by these regulations. These regulations are intended merely for the guidance of Medical Examiners and are not meant to restrict their discretion in any way).

1. To be passed as fit for appointment a candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of the duties of his appointment.

2. (a) In the matter of the correlation of age, height and chest girth of candidates of Indian (including Anglo-Indian) race, it is left to the Medical Board to use whatever correlation figures are considered most suitable as a guide in the examination of the candidates. If there be any disproportion with regard to height, weight and chest girth, the candidate should be hospitalised for investigation and X-Ray of the chest taken before the candidate is declared fit or not fit by the Board.

(b) However, the minimum standards for height and chest girth, without which candidates cannot be accepted, are as follows:—

Height	Chest Girth (fully expanded)	Expansion
5 feet	33 inches	2 inches

The minimum height prescribed is relaxable in case of candidates belonging to races such as Gorkhas, Garhwalis, Assamese Tribals etc., whose average height is distinctly lower.

3. The candidate's height will be measured as follows:—

He will remove his shoes and be placed against the standard with his feet together and the weight thrown on the heels and not on the toes or

other sides of the feet. He will stand erect without rigidity and with the heels, calves, buttocks and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be recorded in inches and parts of an inch to quarters.

4. The candidate's chest will be measured as follows:—

He will be made to stand erect with his feet together, and to raise his arms over his head. The tape will be so adjusted round the chest that its upper edge touches the inferior angles of the shoulder blades behind and lies in the same horizontal plane when the tape is taken round the chest. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times and the maximum expansion of the chest will be carefully noted, and the minimum and maximum will then be recorded in inches. 33—35. 34—36-1/2, etc. In recording the measurements, fractions of less than 1/2 inch should not be noted.

5. The candidate will also be weighed and his weight recorded in pounds; fractions of a pound should not be noted.

6. The candidate's eye-sight will be tested in accordance with the following rules. The result of each test will be recorded.

(i) *General*.—The candidate's eyes will be submitted to a general examination directed to the detection of any disease or abnormality. The candidate will be rejected if he suffers from any squint or morbid conditions of eyes, eye-lids or contiguous structures of such a sort as to render or are likely at a future date to render him unfit for service.

(ii) *Visual Acuity*.—The examination for determining the acuteness of vision includes two tests, one for distant, the other for near vision. Each eye will be examined separately.

The candidate will be examined with the apparatus and according to the method prescribed by the Railway Board's Standing Advisory Committee of Medical Officers, to determine his acuity of vision.

N.B.—No candidate will be accepted for appointment whose standard of vision does not come upto requirement specified below without the use of the contact glasses. (A contact glass or lens is defined as a glass shell, the concavity of which is in contact with the globe of the eye, a layer or liquid being interposed between the lens and the cornea. The meaning of the word "glasses" wherever used in these Regulations is to be interpreted as not covering "contact glasses").

The standard of visual acuity with or without glasses should be as follows:—

	Distant Better		Vision Worse	Near Better	Vision Worse
[For candidates below 35 years of age]	6/9	.	6/9	S.N.O.6	S.N.O.8
	6/6	or	6/12		

Note: (i)

- (a) Total Myopia (including the cylinder) shall not exceed—4D
- (b) Total Hypermetropia (including the cylinder) shall not exceed +4.0D.
- (c) Manifest Hypermetropia shall not exceed +1.5D.
- (d) Colour perception should be normal.
- (e) Field of vision should be normal.
- (f) Night vision should be normal.
- (g) Ocular conditions, other than visual acuity which will disqualify a candidate:
 - (i) Any organic disease or a progressive refractive error which is likely to result in lowering the visual acuity.
 - (ii) Squint.

Note: (ii)

Fundus examination:

Such examination shall be done for excluding any underlying organic disease or progressive refractive error and the results recorded.

Note: (iii)

Field Vision:

This shall be tested in all cases by confrontation method and the results recorded. Where such test gives unsatisfactory or different results, the field of vision should be determined on the perimeter.

Colour Perception:

The candidate will be examined for Colour knowledge, either with the Edridge Green Lantern or Ishihara's Colour Charts. Any defect in Colour perception will be a cause for rejection of the candidate.

(iv) *Night Blindness:*

The candidate's night vision will be tested, with the apparatus and according to the methods prescribed by the Railway Board's Standing Advisory Committee of Medical Officers to ascertain whether or not he suffers from night blindness. The candidate who under the conditions of the ordinary Test for Visual Acuity has 6/6 vision with both eyes open with or without glasses will be rejected, if under the conditions of the Night Blindness Tests, his vision with both eyes open, with or without glasses, falls below 6/24.

(v) *Field of Vision:*

The field of vision of the candidate's eyes will be examined with the apparatus and according to the methods prescribed by the Railway Board's Standing Advisory Committee of Medical Officers. Any defect will be a cause for rejection of the candidate.

7. Blood Pressure:

The Board will use its discretion regarding Blood Pressure. A rough method of calculating normal maximum systolic pressure is as follows:—

(i) With young subjects 15—25 years of age the average is about 100 plus the age.

(ii) With subjects over 25 years of the age the general rule of 110 plus half the age seems quite satisfactory.

N.B.—As a general rule any systolic pressure over 140 and diastolic over 90 should be regarded as suspicious and the candidate should be hospitalised by the Board before giving their final opinion regarding the candidate's fitness or otherwise. The hospitalization report should indicate whether the rise in blood pressure is of a transient nature due to excitement etc. or whether it is due to any organic disease. In all such cases X-Ray and electrocardiographic examinations of heart and blood urea clearance test should also be done as a routine. The final decision as to the fitness or otherwise of a candidate will, however, rest with the medical board only.

Method of taking Blood Pressure:

The mercury manometer type of instrument should be used as a rule. The measurement should not be taken within fifteen minutes of any exercise or excitement. Provided the patient, and particularly his arm, is relaxed, he may be either lying or sitting. The arm is supported comfortably at the patient's side in a more or less horizontal position. The arm should be freed from clothes to the shoulder. The cuff completely deflated, should be applied with the middle of the rubber over the inner side of the arm, and its lower edge an inch or two above the bend of the elbow. The following turns of cloth bandage should spread evenly over the bag to avoid bulging during inflation.

The brachial artery is located by palpitation at the bend of the elbow and the stethoscope is then applied lightly and centrally over it below, but not in contact with the cuff. The cuff is inflated to about 200 mm. Hg. and then slowly deflated. The level at which the column stands when soft successive sounds are heard represents the Systolic Pressure. When more air is allowed to escape the sounds will be heard to increase in intensity. The level at which the well-heard clear

sounds change to soft muffled fading sounds represents the diastolic pressure. The measurements should be taken in a fairly brief period of time as prolonged pressure of the cuff is irritating to the patient and will vitiate the readings. Rechecking, if necessary, should be done only a few minutes after complete deflation of the cuff. (Sometimes, as the cuff is deflated sounds are heard at a certain level they may disappear as pressure falls and reappear at a still lower level. This 'Silent Gap' may cause error in reading).

8. The urine (passed in the presence of the examiner) should be examined and the result recorded. Where a Medical Board finds sugar present in a candidate's urine by the usual chemical tests, the Board will proceed with the examination with all its other aspects and will also specially note any signs or symptoms suggestive of diabetes. If, except for the glycosuria the Board finds the candidate conforms to the standard of medical fitness required they may pass the candidate "fit subject to the glycosuria being non-diabetic" and the Board will refer the case to a specified specialist in Medicine who has hospital and laboratory facilities at his disposal. The Medical Specialist will carry out whatever examinations, clinical and laboratory he considers necessary including a standard blood sugar tolerance test, and will submit his opinion to the Medical Board, upon which the Medical Board will base its final opinion "fit" or "unfit". The candidate will not be required to appear in person before the Board on the second occasion. To exclude the effects of medication it may be necessary to retain a candidate for several days in hospital, under strict supervision.

9. The following additional points should be observed:—

- (a) that the candidate's hearing in each ear is good and that there is no sign of disease of the ear. In case it is defective the candidate should be got examined by the ear specialist;
- (b) that his speech is without impediment;
- (c) that his teeth are in good order and that he is provided with dentures where necessary for effective mastication (well filled teeth will be considered as sound);
- (d) that the chest is well formed and his chest expansion sufficient; and that his heart and lungs are sound;
- (e) that there is no evidence of any abdominal disease;
- (f) that he is not ruptured;
- (g) that he does not suffer from hydrocele, a severe degree of varicocele, varicose veins or piles;
- (h) that his limbs, hands and feet are well formed and developed and that there is free and perfect motion of all his joints;
- (i) that he does not suffer from any inveterate skin disease;
- (j) that there is no congenital malformation or defect;
- (k) that he does not bear traces of acute or chronic disease pointing to an impaired constitution;
- (l) that he bears marks of efficient vaccination; and
- (m) that he is free from communicable disease.

10. Radiographic examination of the chest should be done as a routine in all cases for detecting any abnormality of the heart and lungs, which may not be apparent by ordinary physical examination.

When any defect is found it must be noted in the Certificate and the medical examiner should state his opinion whether or not it is likely to interfere with the efficient performance of the duties which will be required of the candidate.

Note.—Candidates are warned that there is no right of appeal from a Medical Board, special or standing, appointed to determine their fitness for the above service. If, however, Government are satisfied on the evidence produced before them of the possibility of an error of Judgment in the decision of the first Board, it is open to Government to allow an appeal to a second Board. Such evidence should be submitted within one month of the date of the communication in which the decision of the first Medical Board is communicated to the candidate, otherwise no request for an appeal to a second Medical Board will be considered.

If any medical certificate is produced by a candidate as a piece of evidence about the possibility of an error of Judgment in the decision of the first Board, the certificate will not be taken into consideration unless it contains a note by the

medical practitioner concerned to the effect that it has been given in full knowledge of the fact that the candidate has already been rejected as unfit for service by the Medical Board.

Medical Board's Report

The following intimation is made for the guidance of the Medical Exa.

1. The standard of physical fitness to be adopted should make due allowance for the age and length of service, if any, of the candidates concerned.

No person will be deemed qualified for admission to the Public Service who shall not satisfy Government, or the appointing authority, as the case may be, that he has no disease, constitutional affection, or bodily infirmity unfitting him, or likely to unfit him for that service.

It should be understood that the question of fitness involves the future as well as the present and that one of the main objects of medical examination is to secure continuous effective service, and in the case of candidates for permanent appointment to prevent early pension or payments in case of premature death. It is at the same time to be noted that the question is one of the likelihood of continuous effective service, and that rejection of a candidate need not be advised on account of the presence of a defect which in only a small proportion of cases is found to interfere with continuous effective service.

A lady doctor will be co-opted as a member of the Medical Board whenever a woman candidate is to be examined.

The report of the medical board should be treated as confidential and in no case should the candidate declared unfit be informed of the cause of rejection.

In cases where a medical board considers that a minor disability disqualifying a candidate for Government service can be cured by treatment (medical or surgical) a statement to that effect should be recorded by the medical board. There is no objection to a candidate being informed of the Board's opinion to this effect by the appointing authority and when a cure has been effected it will be open to the authority concerned to ask for another medical board.

4. A candidate must send the following documents with his application:—

- (ii) A Certificate of Age.
- (iii) A Certificate of character.

- (v) A statement in the candidate's own hand writing and duly signed giving a short narrative of his career at school and college and mentioning both his educational and sports success.
- (vi) Two copies of recent passport size photograph of the candidate.

Details of the documents mentioned in items (i), (ii), (iii), (iv) and (vi) are given below:—

(i) A TREASURY RECEIPT OR CROSSED INDIAN POSTAL ORDERS FOR THE PRESCRIBED FEE—The amount may be deposited in the nearest Government Treasury, or in a branch of the State Bank of India, or in a Treasury authorised to transact business on behalf of Government (Amount deposited at Bombay, Calcutta, Delhi or Madras should be deposited in the Reserve Bank of India instead of in the State Bank of India). NOTE 1.—Candidates residing abroad at the time of submitting their applications should deposit the amount of the prescribed fee (the equivalent fee of Rs. 36.50, Rs. 8.37 in the case of candidates belonging to the Scheduled Castes and Scheduled Tribes) in the office of India's High Commissioner, Ambassador or Representative, as the case may be, in that country and forward the receipt from that office with the application.

NOTE 2.—AN APPLICATION NOT ACCOMPANIED BY A TREASURY RECEIPT OR CROSSED INDIAN POSTAL ORDERS FOR THE PRESCRIBED FEE WILL BE SUMMARILY REJECTED.

This does not apply to displaced persons seeking remission of the fee *vide* paragraph 6(a) below.

(ii) A CERTIFICATE OF AGE—The date of birth ordinarily accepted by the Commission is that entered in the Matriculation Certificate or in the Secondary School Leaving Certificate, or in a certificate recognised by an Indian University as equivalent to Matriculation or in an extract from a Register of Matriculates maintained by a University, which extract must be certified by the proper authority of the University. The expression Matriculation Certificate in this part of the instructions must be understood as including these alternative certificates.

Candidates will thus understand that the Matriculation Certificate is required in all cases as evidence of age, and it must invariably be sent to the Commission in original with a copy thereof, together with the application.

Sometimes the Matriculation Certificate only shows the age by completed years or completed years and months. In such cases the candidate must send in addition to the Matriculation Certificate an original certificate together with a copy thereof from the Headmaster of the High School from where he matriculated showing the date of his birth or his exact age as recorded in the school admission register. An Anglo-Indian or an Indian Christian may send his original baptismal

or birth registration certificate together with a copy thereof instead of the Headmaster's certificate.

Candidates are warned that unless complete proof of age as laid down in these instructions is sent with an application, the application may be rejected. Further they are warned that if the date of birth stated in the application is inconsistent with the age shown in the Matriculation Certificate and no explanation is offered the application may be rejected.

NOTE 1.—A candidate who holds a completed Secondary School Leaving Certificate need submit with the original a copy of the page containing entries relating to age only.

NOTE 2.—CANDIDATES SHOULD NOTE THAT ONCE A DATE OF BIRTH HAS BEEN CLAIMED AND ACCEPTED BY THE COMMISSION FOR THE PURPOSE OF ADMISSION TO AN EXAMINATION NO CHANGE WILL ORDINARILY BE ALLOWED AT A SUBSEQUENT EXAMINATION.

NOTE 3.—Displaced persons, who have lost their original Matriculation Certificate in Pakistan should obtain duplicate certificate from the University concerned. If they are unable to obtain the duplicate Matriculation Certificate from the University, they should submit an extract from the University Gazette in which their results were published showing their date of birth and certified by the Registrar or the Headmaster.

(iii) A CERTIFICATE OF CHARACTER—Candidates must submit one certificate of character in original together with a copy thereof from some person in authority (e.g., Principal, Proctor, Dean, etc.) at an educational institution which the candidate is attending or has attended for at least one year during the three years immediately preceding the date of his application.

The signatory of the certificate should give his designation in full.

NOTE—Candidates who have not attended any educational institution for at least one academic year within three years of the date of submission of their application may submit a certificate of character in original with a copy thereof, from a Gazetted Officer in service.

(iv) A CERTIFICATE OF EDUCATIONAL QUALIFICATION—Candidates must submit a certificate or diploma in original with a copy thereof, showing that he has one of the qualifications prescribed in the Rules. The certificate submitted must be one issued by the authority (i.e., University or other examining body) awarding the particular qualification. If such a certificate or diploma is not submitted the candidate must explain its absence and submit such other evidence in original as he can to support his claim to the requisite qualifications. The Commission will consider this evidence on its merits but do not bind themselves to accept it as sufficient.

If the University Certificate of passing the intermediate or any other qualifying examination submitted by candidates in support of their educational qualifications does not indicate all the subjects passed, a certificate from the Principal showing that they have passed the qualifying examination with Mathematics and at least one of the subjects Physics and Chemistry must be submitted.

(v) Candidates covered by Note I to paragraph 11 in the rules must submit a certificate from the Principal/Headmaster of the institution from where they passed the examination showing that their aggregate of marks falls within the range of marks for first or second division as prescribed by the University/Board.

NOTE—Candidates who have appeared at an examination the passing of which would render them eligible to appear at the examination but have not been informed of the result, may apply for admission to the examination. Candidates who intend to appear at such a qualifying examination may also apply provided that the qualifying examination is completed before the commencement of this examination. Their application will be accepted provisionally and they will be required to furnish proof of having passed the examination not later than the last week of August 1961.

(vi) TWO COPIES OF PHOTOGRAPH—The Candidate must submit two passport size copies of his recent photograph, one of which should be pasted on the first page of the application form and the other copy should be firmly attached with the application form. Each copy of the photograph should be signed in ink on the front side by the candidate.

N.B.—Candidates are warned that if an application is incompletely or wrongly filled or is not accompanied by any one of the documents mentioned under 4(ii), (iii), (iv), (v) & (vi) above without a reasonable explanation for its absence having been given, the application will be summarily rejected and that no appeal against its rejection will be entertained. The documents not submitted with the application should be sent soon after the submission of the application, and in any case they must reach the Commission's office one month before the date of commencement of the Examination. Otherwise candidature for the examination will be cancelled.

Candidates are also warned that they should in no case correct or alter or otherwise tamper with any entry in the documents submitted by them. If there is any inaccuracy or any discrepancy between two or more such documents, an explanation regarding the discrepancy may be submitted separately;

Candidates found guilty of tampering are liable to be prosecuted in addition to being permanently debarred from the Commission's examinations and selection and from employment under Government.

THE CERTIFICATES MENTIONED IN PARAGRAPHS 4(ii), 4(iii), AND 4(iv) ABOVE SHOULD INVARIABLY BE SENT IN ORIGINAL. THE COMMISSION DO NOT ACCEPT ONLY COPIES OF THESE CERTIFICATES, WHETHER ATTESTED OR OTHERWISE.

The originals of the certificates forwarded in accordance with paragraphs 4(ii), (iii) and (iv) will be returned when the result of the application is communicated. CANDIDATES ARE ADVISED TO KEEP ATTESTED COPIES OF THEIR CERTIFICATES BEFORE SUBMITTING THEM TO THE COMMISSION. THE COMMISSION CANNOT RETURN THE CERTIFICATES EARLIER THAN THE DATE OF COMMUNICATION OF THE RESULT OF THE APPLICATION FOR WHATEVER PURPOSE THEY MAY BE REQUIRED; NOR CAN THEY SUPPLY ATTESTED COPIES.

If a candidate has already submitted the certificates required in paragraphs 4(ii), (iii) and (iv) above in connection with another examination conducted by the Union Public Service Commission and if they have not yet been returned to him, he should mention the fact when submitting his application, and if possible enclose a copy of each certificate. If the certificates are not with the Commission, they should be sent with the application irrespective of whether the candidate appeared at a previous examination conducted by the Commission or not. If a certificate cannot be submitted with the application, a reasonable explanation for its absence must be given with the application.

5. A candidate who claims to belong to one of the Scheduled Castes or Scheduled Tribes should submit in support of his claim a certificate in original in the form given below from the District Officer or the Sub-Divisional Officer or any other officer of the district in which his parents (or surviving parent) ordinarily reside, who has been designated by the State Government concerned as competent to issue such a certificate; if both his parents are dead of the district in which he himself ordinarily resides otherwise than for the purpose of his own education.
